SUMMARY

I'm Ramchandra, a passionate BCA student with a 9.0 CGPA and a love for solving real-world problems through technology. From designing user-friendly interfaces to building apps, I've brought ideas to life—like a vehicle management Android app. I enjoy working in teams, picking up new tools, and turning challenges into opportunities.

SKILLS

- Android App Development (java)
- MERN Stack (Web App)
- Python
- Java
- PHP

PROJECTS

- PERSONAL VEHICLE MANAGEMENT**
Android Application

The primary objective of the project was to develop an Android application that consolidates all vehicle-related data into a single, easily accessible platform, enabling users to manage essential information such as license details and vehicle PUC certificates with ease.

EDUCATION

- ARIHANT COLLEGE**
HSC
71.20%
2021 - 2022
- A.M COLLEGE SSPU**
Bachelor's Of Com. App. (BCA)
9.04 CGPA
2022-2025

WORK EXPERIENCE
